Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner phoned the Applicant's representative to discuss an Examiner's amendment to claims 40-48 to change the unstatutory "computer program embodied in a computer readable medium" to the statutory language of "a computer readable medium embodying a computer program". The Applicant's representative agreed to the change thus putting the Application in accordance with the current USPTO guidelines for statutory subject matter, and an Examiners amendment will follow .
